- Halogen Headlights w/Composite Aero Design includes Daytime Running Lights
- Pre-Trip Exterior Light Inspection System
- (5) Additional LED Clearance/Marker Lights
- Alarm for Parking Brake Security Feature
- Backup Alarm (102dba)
- Headlights On w/Windshield Wipers Speed Control w/Park Brake Activation
- Advanced Diamond Logic Electrical System
- On-Board Gauge Cluster Fault Codes Display

## CHASSIS FRAME

- Heat Treated Alloy Frame Rails
- Black Powder Coated to Eliminate Rust
- 10.250 x 3.092 x 0.375" (80,000 PSI Yield)
- Base Ryder Spec Limited to 25,999# GVW
- 4" Front Bumper Extension
- Full Width Aerodynamic Steel (Gray) Bumper

## OPTIONAL

- Heavier Frame Rail Available for 33,000# GVW w/120,000 PSI Yield (NonSPO)
- Base Spec to Accommodate a 24' Body Pkg (254" Wheelbase w/187" CA)

## OPTIONAL

- Front Tow Hooks, Chrome Front Bumper (w/Chrome Mirrors Pkg)

## CAB INTERIOR

- AM/FM/CD Radio System w/Weatherband & Clock
- Enhanced HVAC System w/Automatic Shut-down Protection to Extend Compressor Life
- Adjustable Tilting Steering Column
- 79.4" Shoulder Room (Window to Window)
- 56.8" Interior Height (Floor to Interior Ceiling Height)
- Cruise Control (standard located on steering wheel)

## OPTIONAL

- "AutoTherm" (Anti-Idle System to Operate Cab Heater), Sound Insulation Pkg, Premium Interior Pkg,
- Bug Screen

## CAB EXTERIOR

- Chrome Grille (standard)
- Aerodynamic 3-Piece Hood Design
- Stronger A-Pillar Improves Windshield Deflection
- High-Strength Galvanized Steel Cab with +/- 1mm Tolerances with Spot-Welding Construction
- 107" BBC on Day Cab Configuration
- 26" Extended Cab Configuration f/Clean CA Option
- 4" Increased Cab Height (Incl. Cab Rear Suspension)
- Cab Color "Standard White" (Extensive Color Palette to include Metallic and Non-Metallic Colors Upon Request)

## OPTIONAL

- Exterior Sunshade (Painted Cab Color), Beverage/Drop-Frame Pkg (Incl. 6' ABS Wiring Harness and Temporary Mounting of PEC)

## TRANSMISSION

- Eaton HYBRID 6-Speed (EH-8E306A-CD) Ultra shift Transmission without e-PTO
- Includes PEC (Power Electronic Carrier) for Lithium Ion Batteries to Operate Electrical System / Mounted Under Cab LH-side

## OPTIONAL

- Eaton HYBRID 6-Speed (EH-8E306A-UP) Ultra shift Transmission with e-PTO (requires Remote Power Modules and Body Integration Wiring Harness)

## ENGINE

- MaxxForce DT 225hp (560#-ft torque)
- Fan Drive - Horton Drivemaster Fan Drive, 2-Speed Direct Drive
- Aluminum Radiator 816 Sq. In. w/313 Sq. In. Air Cooler
- Cold Starting Equipment – standard on Maxx Force DT

## OPTIONAL

- MaxxForce DT 225hp (620#-ft torque), Maxx Force DT 245hp (620#-ft torque), Phillips Engine Block Heater (120V)

## FRONT AXLE

- 10,000# International I-100S Front Axle (standard) Incl. Shock Absorbers
- 10,000# Parabolic Taperleaf Front Suspension

## OPTIONAL

- 12,000# Front Axle f/33,000# GVW (NonSPO) with matching 12,000# Front Suspension as well as rear axle and rear axle suspension combination(s)

## REAR AXLE

- 19,000# Spicer 19060S Rear Axle
- 20,000# Vari-Rate Rear Suspension w/4,500# Auxiliary Rubber Springs

## OPTIONAL

- 20,000# Capacity Rear Air-Ride Suspension which Includes Suspension Air
