

Choose from three Levels of Service of RydeSmart™ to meet your unique business needs.

RydeSmart™ Standard

An outstanding value for businesses looking to improve fleet operations and cost controls. RydeSmart's standard level of service will enhance your company's productivity through fleet visibility and web-based reporting capabilities.

Includes:

- ▶ Web based Mapping Software and all Hardware
- ▶ Monthly Bandwidth Allowance to view, track, and collect Vehicle Information
- ▶ Real Time Vehicle tracking and Positioning

Reports:

- ▶ Automated Trip Reports
- ▶ Detailed Summary
- ▶ Detailed Stops & Mileage
- ▶ Exception Conditions & Summary
- ▶ Idle Time
- ▶ Landmarks
- ▶ On Site by Vehicle
- ▶ On Site Detailed
- ▶ Fleet Performance Report
- ▶ Speeding
- ▶ Stationary
- ▶ Vehicle List & Sub-fleet report
- ▶ Emergency Events

RydeSmart™ Plus

The Plus level of service includes the in-cab Message Display Terminal (MDT) for increased communication between driver and dispatcher through two-way text messaging.

Includes:

All Features offered in the Standard Level of Service

- ▶ In-cab Message Display Terminal (MDT)
- ▶ Increased Monthly Bandwidth Allowance
- ▶ Two-way text messaging

Reports:

All Reports offered in the Standard Level of Service

- ▶ Canned and custom Messages (form fill, free text)

RydeSmart™ Plus One

Additional Plus One features will help your company comply with (DOT) Hours of Service (HOS) requirements set forth by the Federal Motor Carrier Safety Administration (FMCSA). Eliminate manual trip logs to help drivers focus on what they do best.

Includes:

All Features offered in the Plus Level of Service

- ▶ Electronic log book (Hours of Service)

Reports:

All Reports offered in the Plus Level of Service

- ▶ DOT HOS Report
- ▶ HOS Summary Report
- ▶ HOS Violation Exception Report
- ▶ Driver Violation Report/Letter
- ▶ Driver Log Summary Report
- ▶ Driver Available Hours Report
- ▶ Driver Available Hours Report – Next Day
